**We invite you to take part
in the International Scientific and Practical Conference**

GREEN POST-WAR RESTORATION OF FOOD SYSTEMS IN UKRAINE

*Green recovery of Ukraine
- this is constant recovery,
which occurs with use
the best available
technologies and practices
(Екодiя)*

**January 26, 2023
(start of work at 10 AM)**

Representatives of scientific research institutions of the National Academy of Agrarian Sciences of Ukraine, universities, scientists, scientific and pedagogical workers, managers and specialists of regional and district administrations of the agro-industrial complex, agricultural holdings, farms and private companies, colleagues of international representative offices are invited to participate in the conference.

Conduct form: *online on the ZOOM platform (the link will be sent after January 20, 2023)*

Official languages of the conference: Ukrainian, English.

Areas of the conference's work

1. Transformation of food systems under the influence of climate change and military operations.
2. Restoration of soil fertility and return of agricultural lands damaged as a result of hostilities to economic circulation.
3. Water and agro-food systems.
4. Restoration of the livestock and fodder production industry.
5. Development of sustainable agro-food systems.
6. Directions for ensuring the social, ecological and economic sustainability of rural areas in the context of the implementation of the Common Agricultural Policy of the EU.

Based on the results of the conference, a collection of conference materials will be created.

APPLICATION

for participation in the International Scientific and Practical Conference
"Green post-war restoration of food systems in Ukraine"

Last name	
First Name	
Scientific degree	
Academic status	
Position	
Place of work	
Contact phone number	
e-mail	
Title of the report	
Number and name of the thematic direction of the conference	
Form of participation (report and publication of materials / publication of materials)	
Full name of the speaker	

The deadline for submitting applications and report abstracts is up to and including January 20, 2023.

The file with the materials must be named as follows (last name of the first author and number of the direction of the conference): Ivanov_materials_5.doc, Ivanov_application_5.doc

REQUIREMENTS FOR MATERIALS:

Text format: A4, Microsoft Word (*.doc, *.docx),

Margins: left, top, bottom, right – 2 cm,

Font: Times New Roman, 14pt, spacing 1.0, indent 1.25

Volume of pages: up to 5 pages,

Originality of the text: at least 60%.

MATERIALS STRUCTURE:

- **UDC** (font size 14, left alignment)
- **Title of the article** (capital letters, bold font, center alignment);
- **Author(s) name(s)** (lowercase, bold, right-aligned);
- **academic degree, academic title, position** (right alignment);
- **necessarily to specify the e-mail addresses of all authors;**
- **Place of work** in the nominative case (right alignment);

If the authors have the same status, common place of work (education), then the registration is carried out in accordance with the **Example of registration of materials**, separating each author with a **comma**;

- **abstract** (font size 14, at least 30 words, width-justified);
- **key words** (font size 14, at least 5 words, width-justified);
- **through a row** – the main text of the materials (font size 14, line spacing - 1.0, paragraph indent - 1.25 cm, width alignment);

References: is drawn up at the end of the article in the order of using the source in the text under the title "References" in accordance with the requirements of DSTU 8302:2015.

In the text, references are indicated by square brackets indicating the number of the source, followed by page numbers: [5, p. 115].

Any **graphic materials** (drawing, scheme, diagram, figure) are marked "**Fig. 1. The name of the figure**" and are numbered with Arabic numerals. Designation - located under the drawing on

the next line in the center and highlighted in bold, italics.

The picture is separated from the text above and below by an empty line. All figures should be referenced in the text (Fig. 1).

Tables: are marked with the word "Table 1" and numbered with Arabic numerals. The designation and serial number of the table are aligned to the right, the name of the table is on the next line, in the center. They are in bold.

The font in tables and figures is at least 12 points. The table is separated from the text above and below by an empty line. All tables should be referenced in the text (Table 1).

Odesa, Ukraine

Abstract

The materials highlight the urgent issues of restoring the country's economy and agriculture on the basis of the use of the best global practices and principles of the "green economy".

Keywords: agrarian security, international community, consequences of war...

The issue of restoring the Ukrainian economy, including agriculture, became the subject of discussion not only by representatives of state authorities, domestic scientists, representatives of agrarian business, but also by the international community [1, с. 125].
